THANK YOU

WINTER WEATHER

With the winter weather here, freezing pipes can be a costly problem for homeowners. Take preventative measures to protect your pipes from freezing such as:

- Opening kitchen and bathroom cabinet doors to allow warmer air to circulate.
- Let the water drip in your faucets with pipes running on exterior walls that have little to no insulation.
- Add insulation to attics, basements and crawl spaces.
- Disconnect all outside hoses.
- Repair and seal cracks around windows and doors that can allow cold air to reach indoors.

Please call City Hall at 417-751-2333 ext. 1 during normal business hours or call 911 after hours with any water emergencies. Please do not attempt to turn OFF your water meter by yourself, you will be in violation of Ordinance 700.270.

In the event of snow, please do not park your vehicles in the street. This will give Public Works the ability to safely remove the snow from city streets.
